

## Tenuta Sant'Ilario

The estate stretches among the Florentine Chianti hills: 62 hectares of vineyards, olive groves, ancient woods and arable fields. Within the property, the three small hamlets of Cabbialla, Cabbiallina and Casetta, are connected by a network of streets and private paths.

Large flower gardens, swimming pools – where you can carve out moments of tranquility – and a restaurant are the cherries on the cake of one of the most elegant farm stays in the Gambassi area.

Rooms, exclusive villas and apartments are full-optional with finely crafted details, combining all the comforts of a unique luxury property and the traditional touch of Tuscan architecture and style: stone walls, wooden beams and terracotta, wood floors...

The passionate staff is always available to fulfill all your wishes, to make the stay at Tenuta Sant'Ilario a magic experience.
