

Chianti Classico + Florence = best of Tuscany

Get the most from a one day tour of Tuscany, combining the hills of the Chianti Classico wine area with the highlights of Florence.

We start driving through the Tuscan countryside to enter the Chianti Classico land, where food and wine reach one of the highest level of quality in the whole Italy. Enjoy the tasting of extra virgin olive oil, Vin Santo, Grappa and of course remarkable wines, with our expert guide and the local producers describing the wine making process and the secret recipe of this worldwide renowned wine, all within a countryside setting surrounded by typical Tuscan cuisine.

We then move to Florence, for an overview of this magnificent art city that is perfect for a walking tour due to its compactness: as you stroll from the Baptistery to the Palazzo Vecchio, from the Ponte Vecchio to the Pitti Palace, you will be steeped in a world of art but also of fashion.
